SUMMARY

Frontend-focused Full Stack Developer with 2 years of freelance experience building SaaS dashboards and client applications. Skilled in React, TypeScript, REST APIs, and UI optimization, with hands-on experience in Node.js, databases, and AI integration. Focused on intuitive interfaces, maintainable code, and end-to-end development.

SKILLS

Languages: JavaScript (ES6+), TypeScript, Python, SQL
Frontend: React, Next.js, HTML5, CSS3, Tailwind CSS, Redux, Context API, Responsive Design
Backend: Node.js, Express.js, REST APIs, JWT, PostgreSQL, MySQL, SQLite, Redis
Tools: Git, GitHub, Vite, Postman, Figma, Docker, Vercel, Chrome DevTools

EXPERIENCE

Freelance Software Developer | Aug 2024 - Present
React, TypeScript, JavaScript, Node.js, REST APIs

- Delivered **3+ client projects** spanning ERP systems, SaaS dashboards, and web applications.
- Engineered an ERP dashboard with reusable React components, REST APIs, and improved business workflows.
- Contributed to a cloud-connected SaaS dashboard for managing Unreal Engine instances, server status, and billing.
- Contributed to **3 iOS apps**, implementing interfaces, features, and UX improvements.
- Integrated frontend components with backend APIs, handling data, loading states, and errors.
- Collaborated with clients to define requirements, improve usability, and deliver software updates.

PROJECTS

RelayOps - API Integration & Data Pipeline Platform | Oct 2026 - Present
React, TypeScript, Node.js, Express.js, PostgreSQL, Redis, Gemini API | github.com/panjwaniom/relayops

- Architected a full-stack integration platform supporting REST APIs, CSV ingestion, **7 transformations**, **7 validations**, and persistent data processing.
- Implemented automated synchronization with configurable schedules, SHA-1 deduplication, **3-attempt retries**, background jobs, and execution logs.
- Incorporated Gemini-powered failure diagnosis and AI field mapping into an interactive dashboard, validating functionality through **19 automated tests** and browser testing.

Personal Developer Portfolio | Dec 2025 - Feb 2026
React, JavaScript, CSS3 | ompanjwani.vercel.app

- Designed a macOS-inspired React interface with draggable windows, custom controls, and **5 independent app windows**.
- Optimized rendering across an animation-heavy layout by eliminating render-blocking resources, achieving a **0.6s First Contentful Paint and zero Total Blocking Time** on desktop.
- Achieved a Lighthouse performance score of **100** on desktop across a visually complex, animation-heavy interface.

Task Manager Web App | Mar 2025 - Jun 2025
React, TypeScript, Node.js, MySQL, Express.js | github.com/panjwaniom/task-todo-web-app

- Created a full-stack task manager with JWT authentication, protected routes, persistent sessions, and CRUD operations.
- Structured a MySQL database with **6+ REST endpoints**, reusable React components, and HTTP caching.

EDUCATION

Bachelor of Computer Applications (BCA)
Maharaja Agrasen Himalayan Garhwal University | 2021-2024
